Sexting

Sexting

What is it...

Sexting is the exchange of sexually suggestive messages or images between minors via cell phone. For example, a girl might take an “inappropriate” picture of herself and send it to her boyfriend.

1. Think about the consequences...
2. Never take pictures of yourself that you wouldn't want everyone to see...
3. Think before you send...
4. Only open from friends...

5. **If you...**
Create, keep or send a picture of someone under 18...
It is illegal
