Introduction

Kentucky Center for School Safety is proud to provide an email tipline to all Kentucky schools.

The Safety Tipline, Online Prevention or S.T.O.P.! Tipline is designed for use as an “online” reporting/prevention tool.

If students, parents or community members know of an unsafe situation in school (bullying, weapons, drugs or alcohol, etc.), they can anonymously pass on that information to school personnel by using this basic email format.

What is it?

This tipline in no way replaces the face to face open communication and relationships built at our schools. The S.T.O.P.! Tipline is just one more tool available for use by students or parents to communicate unsafe situations at school.

- One unique attribute of an “online” tipline is its availability. A student, parent or community member can submit information day or night.
- Also, many students may feel more comfortable emailing about a situation (instead of a face to face meeting with school officials).
- The main purpose of the tipline is to add another layer of accessibility between students and trusted school personnel.

This tipline is not for immediate response. If anyone needs immediate assistance, they should dial 911.

How does it work?

Students or Parents

- Click logo on school’s webpage
- Choose whether you want to submit a tip about 1) bullying, 2) violence or 3) other risky behaviors (i.e. alcohol, drugs, self-harm, sexual abuse or theft, etc...)
- Fill-in the check boxes and explain
- Click submit
